Getting started guide to SafeTrx Flotilla Event for the Mary-P and Cobh to Blackrock Races 2018.

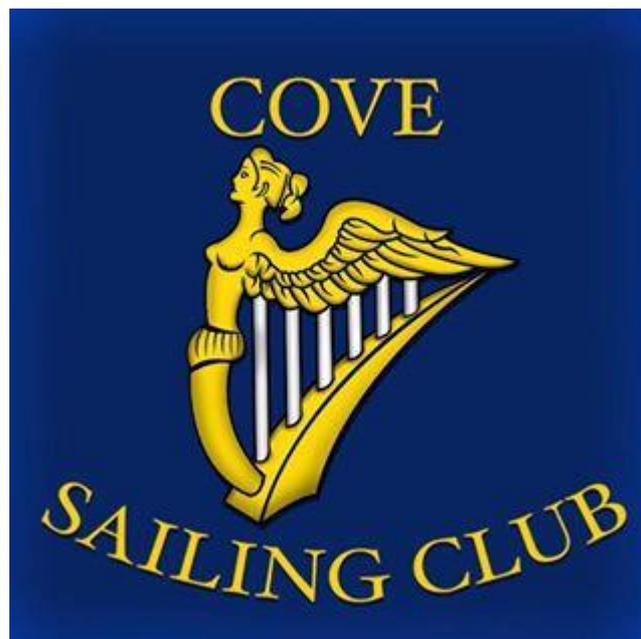

Prepared for:

Cove Sailing Club, Kinsale Yacht Club

Cork, Ireland.

Statement of Confidentiality

The contents of this proposal and any attachments are confidential and are intended solely for addressee. The information may also be legally privileged. This transmission is sent in trust, for the sole purpose of delivery to the intended recipient. If you have received this proposal in error, any use, reproduction or dissemination of this proposal is strictly prohibited. If you are not the intended recipient, please immediately notify the sender by reply e-mail or phone and delete this proposal and its attachments, if any.

BEFORE RACE DAY

Download the ISA SafeTrx Mariner versions 2018.1.7 or greater for Android, and app version 2018.1.0 or greater for iOS, supporting the SafeTrx Flotilla Event functionality. This is a 30 megabyte download so best done on Wi-Fi if available, from either of:

<https://itunes.apple.com/ie/app/isa-safetrx/id672740631>

<https://play.google.com/store/apps/details?id=safetrx.isa>

Once installed, please click on the “Register” button on the login screen to create an account and proceed to enter the required information for your account and your vessel(s). See FAQ's on the following pages for detailed instructions.

RACE EVENTS (TWO SEPARATE RACES)

The Mary-P race runs from 09.25 to 14.00 on September 8th, 2018. The Cobh to Blackrock Cup race event runs from 13.00 to 17.00 on September 8th, 2018. Each race is a separate event, with a separate tracking code and a separate tracking website.

Event codes: **MPRACE** and **C2B18**

Event URL's for tracking:

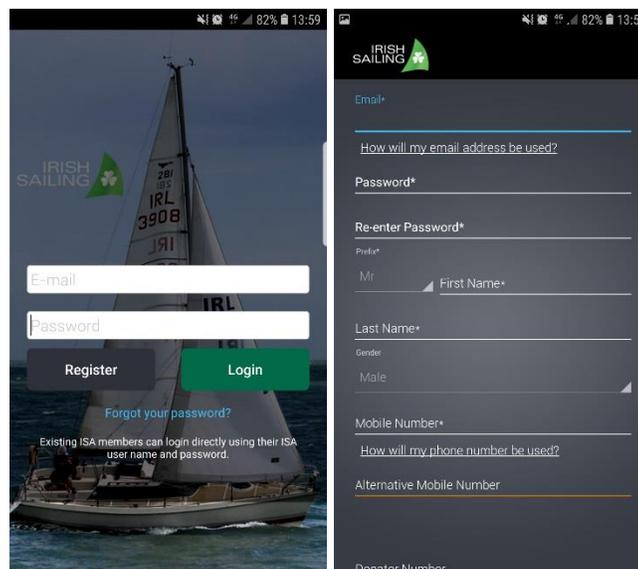

<https://flotilla.safetrxapp.com/events/safetrx/mprace>

<https://flotilla.safetrxapp.com/events/safetrx/c2b18>

FAQ's

How to create your ISA SafeTrx account on the smartphone app

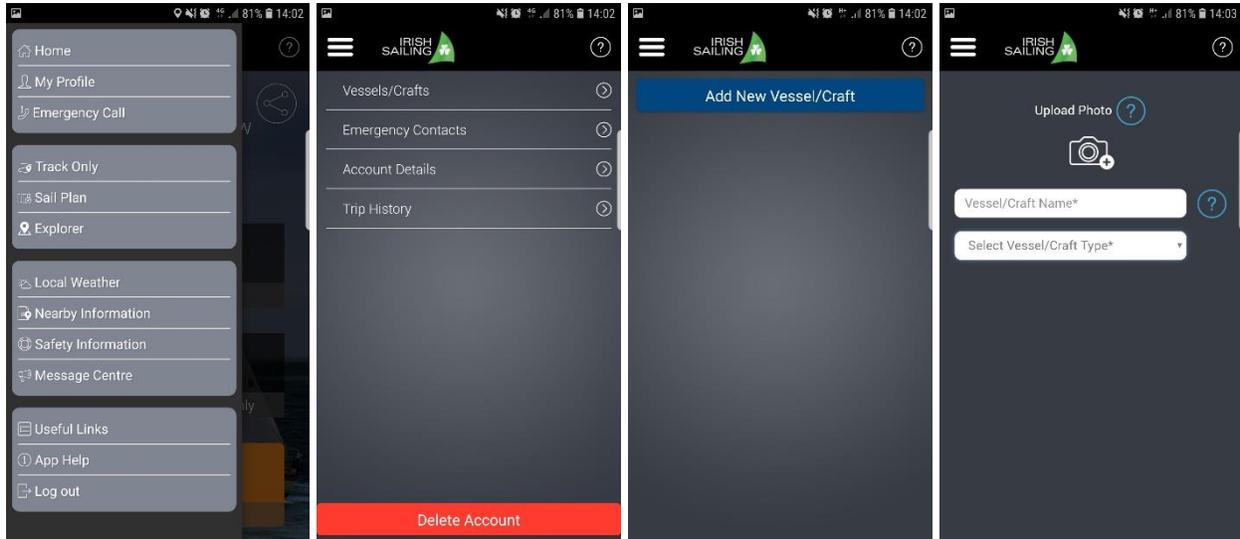

Create your account by registering an email address and password and complete the mandatory fields (first and last name, address, etc.).

The image displays two screenshots of the ISA SafeTrx app's registration process. The left screenshot shows the login/register screen with fields for E-mail and Password, and buttons for Register and Login. The right screenshot shows the registration form with fields for E-mail, Password, Re-enter Password, Prefix, First Name, Last Name, Gender, Mobile Number, Alternative Mobile Number, and Donator Number.

How to create vessel(s) in your ISA SafeTrx account

Select the 'Vessels/Crafts' menu in the 'My Profile' screen and add the necessary details to create and save your vessel(s).

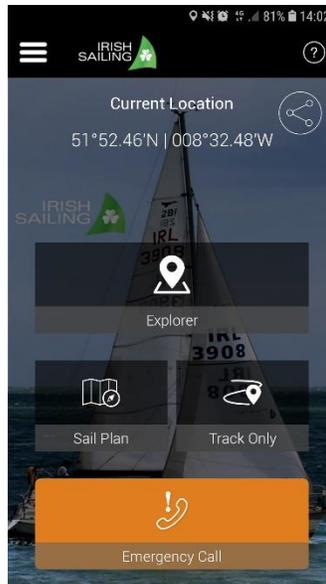

What does 'Enter Flotilla Event Code' mean on the Track Only screen?

The SafeTrx Flotilla Event code allows your trip to be tracked as a participant in a race (competitor or safety boat). Enter the event code supplied by the race organiser in the Flotilla Event Code field to show your live track on the publicly available Flotilla Event website for the race.

How to start a Track Only trip on ISA SafeTrx so that you can enter your 'Flotilla Event Code'

Tap the 'Track Only' icon on your ISA SafeTrx app to start a track only trip.

How can I enter the Flotilla Event code?

On the 'Start tracking' screen tap on the 'Enter Flotilla Event Code' link and enter the event code supplied by the event organiser to you. Codes are event specific. When you have entered the code tracking will start and your vessel will be visible on the tracking website. There is no confirmation that you have successfully entered the code (this feature will be implemented in a future release).

Where do I get the Flotilla Event Code?

If the event organiser is using SafeTrx Flotilla Event for the race, they will provide the event code along with instructions to participants.

What Tracking Interval should I use?

For entrants on the Mary-P race use the 30 minutes tracking interval (up to 5 hours tracking). For the Cobh to Blackrock Race you should use the continuous tracking interval.

Do I need to stop each race?

Stop tracking the Mary-P race when it is complete (latest 14.00) and start a new trip and enter the code for the Cobh to Blackrock race to start. Each race is a separate event, with a separate tracking code and separate tracking website.

Who can see my location if I enter a Flotilla Event Code?

If you enter a valid event code and press 'Start', the position will be shared on a publicly available SafeTrx Flotilla website.

How much of my information is shared on the SafeTrx Flotilla website?

Your vessel name, time of last recorded position, position co-ordinates, speed and your name are visible at the SafeTrx Flotilla website.

What if I enter the incorrect 'Flotilla Event Code'?

If you enter the incorrect event code, your position will not be shared on the publicly available website.

What version of SafeTrx is Flotilla Event available on?

Only ISA SafeTrx Mariner app versions 2018.1.7 or greater for Android and app version 2018.1.0 or greater for iOS support the SafeTrx Flotilla Event functionality

RACE DAY PREPERATION

1. Make sure your phone is **fully charged**.
2. If you can, **charge the phone** during the races, as if you are doing both races you will be tracking for up to 8 hours.
3. If you can, use a **backup battery** and attach it to the phone to extend the battery life.
4. For iPhone use the new Apple iOS feature to check the max capacity of the iPhone. If maximum capacity of iPhone is <60% then you will need to run SafeTrx in 10-minute mode if you don't have a backup battery. If maximum capacity of iPhone is >60% then you will run SafeTrx in continuous mode.
5. Make sure all other **data logging** applications (such as Strava etc.) are **deactivated**.
6. Make sure the phone has a clear and unobstructed view of the sky and land before beginning the race. This will allow the phone to get a lock on the GNSS satellites and the nearest cell tower.
7. Do not put another electronic tracker close to the phone.
8. **Turn down brightness** on the device.
9. **Switch off** WiFi and Bluetooth.
