

White Sail Report

A number of boats have left the fleet this year but hopefully we will see new entrants and maybe the return of those cruising Northern Spain next year.

The new Sailwave system is under test for results and working well

A new interest in shorthanded sailing (2 people) is emerging and perhaps we might try this within the WS fleet next year. Courses need to be adjusted to reflect the small crew.

Winter 2017

Up to 12 boats competed on 5 fabulous Sundays with champagne sailing conditions

Loa Zour (Ger Grant) was 1st in Echo and Siboney (John Stallard) was 1st in IRC

March League 2018

Only 3 boats came out to compete and Diamond (James Matthews) was 1st

TGIF

Over 12 races were sailed and on average 5 boats raced rising to 10 late in the season

Wheels (John Whelan) was 1st with Hansemer (Tony Scannell) 2nd and Deboah (Martin Hargrave) 3rd

Mary P

This was an interesting event this year as the boats raced early and then competed in the Cobh to Blackrock race staying overnight in the city.

This event has potential next year as the harbour clubs (MBSC, GISC and RCYC) were very welcoming and are running joint events in Cork.

Autumn Series 2018

Over 12 boats are competing each Sunday under Race Officer Donal Hayes with one race to go before discards kick in

It looks like a close battle between Godot, Paragon, Hansemer and Alleacht in the ECHO fleet

Godot is dominating the IRC fleet

My apologies for being absent so much this year but family circumstances abroad are calling.
